

Dear Mr Willer:

Do you really love the Basset Hounds or are they a ways to a means? Do you really care about BHCA & the direction they are going?

The Basset Hound Club of America has been the guardian & protector of our breed for 75 years. Personally I would like to see the BHCA continue to be the Guardian & Protector of our breed.

As a concerned member of BHCA I am asking you to give up your witch hunt & your personal vendetta. Have you really asked yourself, why am I pursuing my legal actions? What is your ultimate goal? Is it to see the BHCA go out of business or to see them go Bankrupt? Or is it just to see certain people out of power? If the latter is the case I have a suggestion for you: Next year there are Board openings. Why don't you change your campaign to " VOTE FOR ME." Then you can make the changes you feel need changed.

BTW don't count on my vote.
